[Engagement update: 99% of Top 100 companies agree to disclose diversity data](#)

By: [John Wilson](#) | November 23, 2022

Investors often lack the information that we need to evaluate corporate diversity performance as a material issue for our investment decisions. This issue brief details Calvert's engagement effort to ask companies to make their EEO-1 reports public, and to release their pay equity data.

[Looking Forward with Counterpoint Global](#)

By: Manas Gautam | December 15, 2022

This Too Shall Pass

KEY POINTS

- 1 While macro factors may be driving performance over the short-term, we continue to be focused on the fundamentals of our portfolio companies and their long-term compounding potential.
- 2 In our view, equities will likely outperform over the long term because they provide ownership in the creativity, ingenuity and productivity of hundreds of thousands of talented workers.
- 3 We believe a higher cost of capital will lead to fewer market entrants and less competition, which should benefit companies that have already established valuable businesses and brands.
