Calvert US Large-Cap Value Responsible Index Strategy

Quarterly Strategy Profile

(as of Dec 31, 2023)

Investment Overview

- US Large-Cap Value Responsible Index Strategy offers exposure to companies that meet the Calvert Principles for Responsible Investment (Calvert Principles).
- The Calvert Principles seek to identify companies that operate in a manner consistent with:
 - Environmental sustainability and resource efficiency
 - Equitable societies and respect for human rights
 - Accountable governance and transparent operations
- Designed to closely track the Calvert US Large-Cap Value Responsible Index which is derived from some of the largest 1000 companies in the U.S. equity market
- ESG research also informs engagement efforts on financially material issues

Portfolio Construction

- Define an eligible universe by applying Calvert's ESG research across approximately 200 peer groups using roughly 200 Key Performance Indicators to measure ESG performance
- Neutralize sector variances by over/underweighting sector weights to more closely align with the initial universe
- Create an end portfolio of approximately 600 holdings that are reconstituted annually and rebalanced quarterly
