[IMF gives developing countries a substantial boost amid delta variant crises](#)

August 25, 2021

Boston - The International Monetary Fund (IMF) made the largest allocation of Special Drawing Rights (SDRs) in its history — \$650 billion — at the start of this week. According to the IMF, the allocation, which is an interest-bearing international reserve asset that can be exchanged for dollars or other major currencies with Central Banks, is a significant shot in the arm in the ongoing fight to recover from the COVID-19 pandemic.

[Serbia's new inclusion in index highlights benefits of investing outside indexes](#)

August 19, 2021

For the Eaton Vance emerging markets team, Serbia represents a case study in the tremendous potential that we see in countries outside the major EM benchmarks for managers willing to devote the time, resources and expertise required for such investments. We believe it is useful to recap some of the milestones of Serbia's journey as a guide to investors seeking value in the sector.
