### Is Inflation Protection Really Protecting Investors?

November 24, 2021

**Boston** - Recent inflation numbers have continued to surprise investors and economists, coming in above the high end of projections. Even those who make their living forecasting economic conditions have consistently underestimated inflation pressures. No surprise, then, that investors who are looking to hedge against inflation in fixed income have turned to Treasury Inflation-Protection Securities (TIPS), with inflation-protected funds and ETFs showing record inflows this year.

## Update: 80% Companies Lose diversity

Investors often lack the information that we need to evaluate corporate diversity performance as a material issue for our investment decisions. This issue brief details Calvert's engagement effort to ask companies to make their EEO-1 reports public, and to release their pay equity data.

## Does an Ethnically Diverse Board Mean Better Stock Performance?

November 17, 2021

**Washington** - Over the last 50 years, we have seen the key driver of the global economy shift from natural resources to human talent, ushering in the era of the "Talent Economy." This megatrend now impacts all major economies as companies place greater focus on intellectual capital and a diverse workforce as material, competitive factors for business success.
