

U.S. Small-Cap Equity Strategy

Investment Overview

The Eaton Vance U.S. Small-Cap Strategy offers exposure to a broadly diversified portfolio of high quality, U.S. small cap companies.

Investment Philosophy

We focus on three definable inputs - Quality, Valuation, and Time (QVT). Our focus on quality drives a preference for well-entrenched franchises with durable and scalable business models, we believe can benefit from either structural growth (compounders) or structural change (improvers). We believe a disciplined combination of quality in a reward-to-risk framework with a long-term mindset can uncover sources of alpha in the broad and inefficient small cap universe.
