INSIGHT

A Summary of Solvency II Treatment of Equities under the Standard Model

This note summarises the Insurance Solutions Team's interpretation of all the current rules pertaining to the Solvency Capital Requirement ('SCR') or various equity asset classes. Contact us to request a copy of the whitepaper >

Time for some high quality defence?

Summer's squall in the markets served as a good test run for our global portfolios, which appeared resilient.

Niches: Searching for roads less travelled

Learn how the International Equity team is finding investment opportunities by looking at companies focused on specialised niches.

Global Sustain Strategy

Invests in 25-50 high quality global businesses, characterized by hard-to-replicate intangible assets, high returns on operating capital employed and strong free cash flow generation. Designed for investors who seek capital growth, earnings resilience and reduced downside participation – while avoiding exposure to business activities such as alcohol, tobacco, fossil fuels and weapons.

Video: In Like a Lion, Out Like a Lamb?

When the Fed says "cut," investors ask "How deep?" Find out where we stand on current rate forecasts, plus our outlook for the credit market and the US dollar.

Breaking from the herd

Global central banks are cutting rates, but at varying speeds. The Broad Markets Fixed Income team examines the potential implications for fixed income investors.

We believe that in the long run value prevails and research wins.

Who We Serve

Defined Benefit Plans

With four decades of asset management experience, we offer a broad range of investment strategies and outcome-oriented solutions to help private and public pension plan fiduciaries outperform their benchmarks, implement asset/liability strategies, manage risk and address the unique needs of their plan's beneficiaries.

Defined Contribution Plans

We believe that our award-winning active investment funds, spanning both traditional and alternative investment strategies, may enable plan sponsors to enhance the quality and diversity of the investment options that they provide to their participants to help them achieve their personal financial goals.

Endowments and Foundations

We specialize in designing and managing custom and commingled investment solutions to help managers of endowments and foundations achieve their return requirements, mitigate macroeconomic and financial risks and, whenever possible, devote more of their time to furthering the overall mission of their organizations.

Sovereign Wealth Funds

Our innovative products, market insights and investment solutions capabilities enable us to address the unique needs of Sovereign Wealth Funds around the world.

Insurance Companies

Consultants

Effective partnership for the long term requires both indepth regulatory knowledge as well as specialist investment expertise. We favor a consultative approach, designed to meet the unique needs of insurance companies.

We scan the landscape constantly for opportunities aimed at enhancing the firm's ability to deliver superior investment performance; deepen our commitment to a best-in-class investment culture; and exceed our clients' expectations.
