## 2024 Outlook: High Yield Bonds

By: Stephen C. Concannon, CFA, Will

Reardon | December 6, 2023

Higher Volatility in 2024 May
Present Attractive Entry Points
for High Yield Bonds

#### **KEY POINTS**

- 1. As global central banks near the end of a historical cycle of tightening monetary policy, we believe a moderate recession is a more probable outcome in 2024.
- 2. Increasing dispersion in valuations across rating segments, sectors and individual issuers will continue to provide opportunity and the ability to capture attractive entry points.
- 3. We have maintained our cautious positioning and continue to prefer defensive sectors that trade wide of historical norms, such as health care, given the sector's historically defensive characteristics.

#### **KEY POINTS**

- 1. A year into President Lula's term, the political and economic situation in Brazil is better than many had expected.
- 2. The economy will likely grow more than expected as interest rates continue to fall.
- 3. We believe Brazil remains
  cheap compared to other emerging
  markets with lower inflation and
  rates acting as a tailwind for
  growth.
