Market Doesn't Buy Long-Term Inflation Scenario — Yet

Boston - As inflation concerns have heated up in recent weeks —with Consumer Price Index (CPI) increases over the past two months exceeding most expectations — people in the non-transitory camp certainly have more to cheer about. But we think the debate over transitory or non-transitory can be misleading, because it frames inflation in a binary way that does not shed light on all the various shorter- and longer-term forces at work.
