2022 Outlook: Loans Take Center Stage as the Inflation Threat Grows

Boston - For the floating-rate loan asset class, 2021 was a year of superlatives, with any number of metrics at or near record levels, like issuance volume, demand, absence of defaults, and total loans outstanding. For us, the most important message from last year's buoyant market is that loans have been living up to the expectations of both investors and issuers.
