[Fed delivers "hawkish surprise" as economy — and inflation risk — grow](#)

By: [Eric Stein, CFA](#) | June 17, 2021

Boston - The June 16 meeting of the Federal Open Market Committee delivered a bit of a hawkish surprise, as the consensus projection for new rate hikes moved up to 2023, compared with March when no FOMC members predicted hikes that early.

[Real interest rates suggest value in EM Debt](#)

By: [Emerging Markets Team](#) | June 16, 2021

Boston - One of the key macro indicators of value in emerging markets (EM) debt is the real interest-rate differential with developed-market debt — the spread between EM debt and developed markets, after adjusting for anticipated inflation in respective countries. By that measure, in the wake of first-quarter volatility, we see EM debt as offering a number of value opportunities.
