Responsible fixed-income Investing

By: Vishal Khanduja | & Brian Ellis | March 26, 2021

For fixed-income investors, understanding environmental, social and governance (ESG) factors – as they are financially material to performance – has proven to be vital for assessing an issuer's fundamental quality. The pandemic has driven home this point by heightening awareness of the key roles companies play in creating a sustainable global economy –2020 was a pivotal year for investor acceptance of responsible investing, including record green bond issuance.
