Letter from the President

Welcome,

The U.S. Charitable Gift Trust® (the "Trust") helps you realize your charitable goals, while enabling you to receive the maximum tax benefit from a gift.

Within our site, you can gather important information that can form the foundation of your discussions with your financial advisor.

As you will learn, the Trust is a public charity that makes charitable giving efficient and effective. You can give to multiple charities with ease. Contributions are professionally managed and have the potential to grow in value, tax free. The potential tax benefits are immediate, but you may take your time in making grants to your favorite causes and organizations.

Accounts are established individually or jointly with a spouse or children, all of whom may make grants from the Trust. You may also appoint a financial advisor to assist you in the setup, investment allocation and maintenance associated with the account. For many, charitable giving is becoming a family tradition, with none of the expenses or limitations of a private foundation.

The Trust also sponsors Pooled Income Funds. These Funds are designed to provide eligibility for a tax deduction and monthly income to you, or designated beneficiaries, and to pay the principal of your account on to the charity(ies) of your choice.

The Trust is overseen by its Board of Directors, which meets quarterly to oversee the Trust's operations, as well as to review and approve all donor grants. The Trust helped a number of people to restructure their program of giving with greater flexibility and tax efficiency. We look forward to working with you to better assist your philanthropic efforts.

Sincerely,
